43' U.S. Military Assault

34' RIB Tour Boat

Zodiac Proluxe 561

54' RIB Tour Boat

Five decades of designing world champion offshore race boats, high speed assault boats for the U.S. military and commercial RIBs, has culminated with the introduction of the new Scarib Stability System with aftermarket compatibility for aluminum and fiberglass boats.

**Benefits include:**

- Improved lateral and longitudinal hull stability while at rest and in motion.
- Increases buoyancy and load capacity.
- Solution for level flotation compliance.
- No sacrifice to interior space.
- Permanent fendering hull protection.
- Enhances performance, saves fuel, faster planning reduces operating costs.
- Also an effective fendering system for docks and hoists.

Available in 8' and 13' lengths, custom sizes also offered.
